LARGE FORMAT & MULTIFUNCTIONAL PRINTERS

An extensive range of professional printers designed for exceptional quality and productivity

*Print for Pay

PRINT WITH EASE

Explore our full range of Large Format Printers, delivering the latest technology to benefit your business. Engineered with enhanced features to improve your productivity, quality, security and ease of use, our latest printers are ideal for making sophisticated print applications accessible to everyone.

imagePROGRAF TZ-30000

Multi-application printing

Our updated line-up of 5-colour ink models, the imagePROGRAF TX series, is ideal for numerous applications – precise CAD drawings and GIS, vibrant posters, eye-catching POS displays and more. Smart Roll Loading automatically detects optional media types and dual roll feeding means less downtime and more application versatility.

Fast and efficient production

Introducing the imagePROGRAF TZ-30000, offering the fastest printing speeds of any imagePROGRAF model to date. Its design incorporates a top delivery mechanism for improved security and information management, more efficient workflow and a reduced footprint, while processes are simplified for error-free operation for every member of staff.

Harmonious printing with genuine Canon inks

Using genuine Canon inks will ensure your Canon Large Format Printer will perform at its best. Thanks to our strict quality control methods and chemistries developed to work in harmony with the whole system, every model in our range offers assured levels of quality, reliability and value.

Precise CAD and GIS

Produce the high levels of precision you need on CAD and GIS applications. Featuring excellent image reproduction and line accuracy, delivered quickly and efficiently which could improve your business's productivity.

Reliable, dependable quality

You can expect the highest levels of printing quality from our complete range of Large Format Printers. Accurate colours, precise reproduction and image consistency – your imagePROGRAF printer (SFP or MFP) will deliver day after day.

Versatile inks for multiple applications

Expect incredible image quality from our production and photo printers with 12 or 8 LUCIA PRO pigment inks. Vivid colours, precise lines, proven light and weather resistance and a wide colour gamut produce outstanding results, improved even further with the clear ink Chroma Optimiser. Our LUCIA TD inks maximise the performance of CAD and GIS printers, delivering bold colours, sharp text and superior weather resistance even on uncoated plain paper.

Produce just-in-time work

Bring printing work in-house for time-sensitive and fast-response posters, displays and POS material that is both economical and eye-catching. Software can help anyone become a poster artist, while borderless printing means spending less time cutting images to size.

Control to promote your business

Improve communication in your workplace or create attention-grabbing event messaging with easy-to-use software and an intuitive interface. All our Large Format Printers are compatible with a range of creative media, including water-resistant materials to power your imagination.

Exceptional quality fine art and photography

Reproduce works of fine art and photography ready for the gallery wall. Create balanced, rich and accurate output simply on a wide selection of professional media.

imagePROGRAF TZ-30000 MFP Z36

Rapid printing with excellent quality for CAD, GIS and other precision-reliant applications

- Exceptional speed: first print in 19 seconds and return from sleep of 32 seconds

- Compact 4.3" colour LCD touch operation panel
- 700 ml high-capacity ink tanks
- Hot-swap ink and roll replacement for non-stop printing

- Enhanced security features, including password protection, secure storage, file erasure and data transmission

- Vibrant, precise prints through LUCIA TD pigment ink
- Prints are durable outdoors for up to six months unlaminated

- Top delivery tray for fully front-accessible operation

- Automated processes and low-maintenance engineering minimise user intervention

- Dual roll loading
- Reduced downtime hot-swap ink tanks, hot swap roll system

- Productivity: simultaneous printing and scanning
- High-speed scanning and copying

TZ-30000 MFP Z36

imagePROGRAF TM-300 MFP Z36 TM-305 MFP Z36

36 inch large format MFPs for CAD, GIS and Poster printing production

- 5 colour Lucia TD Pigment Ink System (Black, Matt Black, Cyan, Magenta, Yellow)

- imagePROGRAF TM-305 MFP Z36 includes a built in 500GB HDD
- Standard memory 128GB with 2GB Physical memory for the TM-305 MFP Z36

- 15.6 inch flat panel, touch screen display for scanner*
- 6 inch per second colour scanning

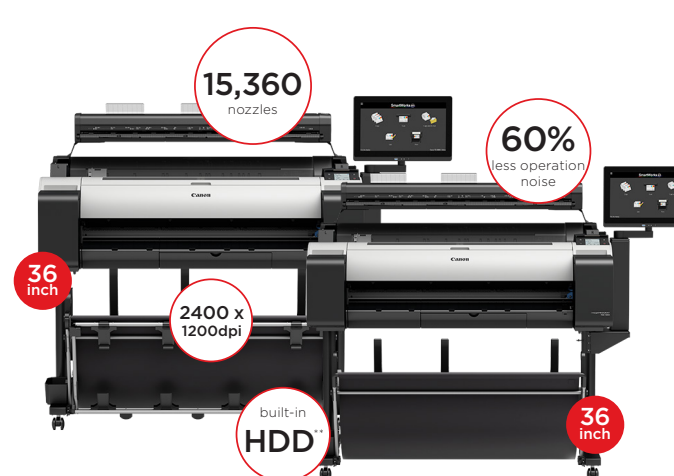

- Single roll capability
- SingleSensor* Technology delivers accurate document scanning with crisp text and sharp lines

- Ideal for indoor and outdoor applications including use of Water Resistant media
- Scanner* controls: STOP, Advance/Rewind, LED status

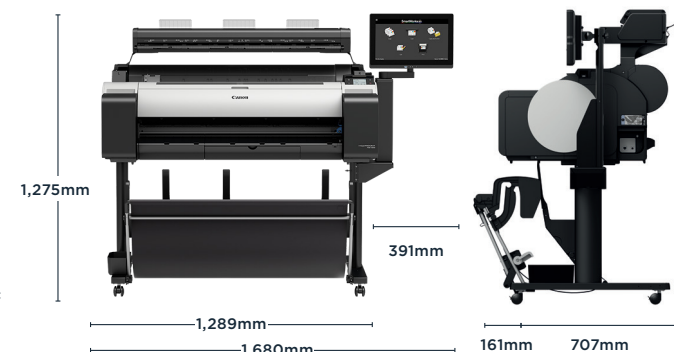

- Maximum scan length* 8m (JPEG/PDF) and 15.2m (TIFF)
- Maximum document thickness 2.0mm

- SmartWorks MFP V6 software included*
- Bundled starter inks: 130ml (Matte Black) and 90ml (Black, Cyan, Magenta, Yellow)

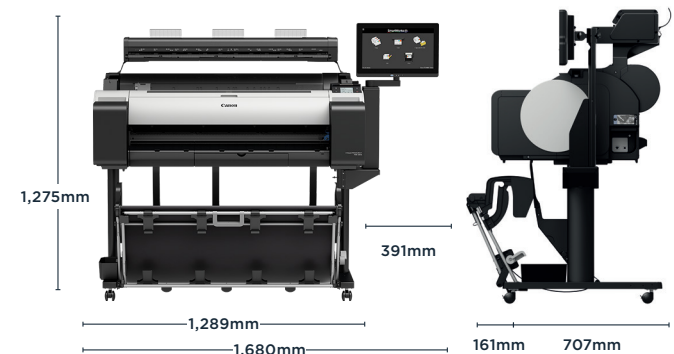

- 130/300ml ink tanks (available)

TM-300 MFP Z36

TM-305 MFP Z36

imagePROGRAF TM-200 MFP L24ei TM-300 MFP L36ei

36 inch and 24 inch large format MFPs for CAD, GIS and Poster production

- 5 colour Lucia TD Pigment Ink System (Black, Matt Black, Cyan, Magenta, Yellow)

- 2GB standard memory
- User-friendly, 3 inch flat panel touch screen display for scanner*

- Single roll capability
- 60% less operation noise due to dampened fans, fewer vibrations and streamlined cutting

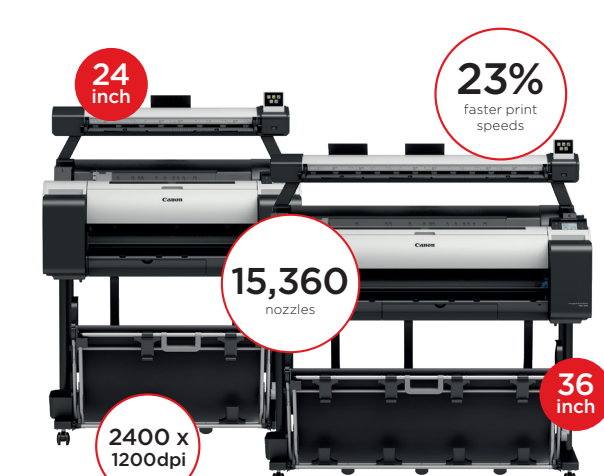

- Lightweight and compact design with full front usability for easy operation

- SingleSensor* Technology delivers crystal clear lines and text, as well as bold colours
- Dedicated ScanApp Lei* Software boosts productivity with continuous scan and copy to cloud, USB and PC

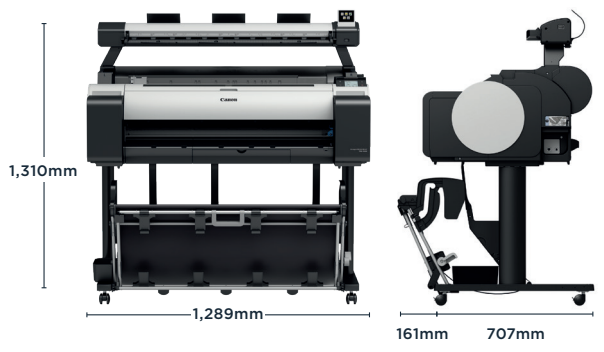

- Ideal for indoor and outdoor applications including use of Water Resistant media

- Bundled Starter ink: 130ml (Matte Black) and 90ml (Black, Cyan, Magenta, Yellow)

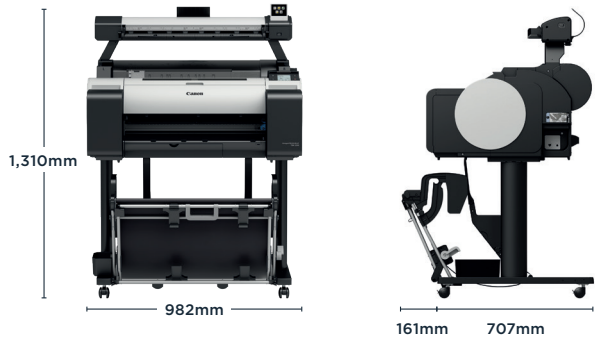

- 130/300ml ink tanks (available)

TM-300 MFP L36ei

TM-200 MFP L24ei

imagePROGRAF TX-4100 MFP Z36 TX-3100 MFP Z36

44 inch and 36 inch large format multifunction printers with advanced features and scan technology

- Intuitive execution of printing and scanning tasks using the 15.6 inch (39.6cm) large touch screen and new SmartWorks software

- Available in two versions: as an all-in-one (AIO) version with integrated Windows PC or as a version that can be controlled via an external PC (PC required)

- Vibrant colours from LUCIA TD pigment ink
- Superb scanning quality thanks to Colortrac SingleSensor* technology that enables consistently high performance

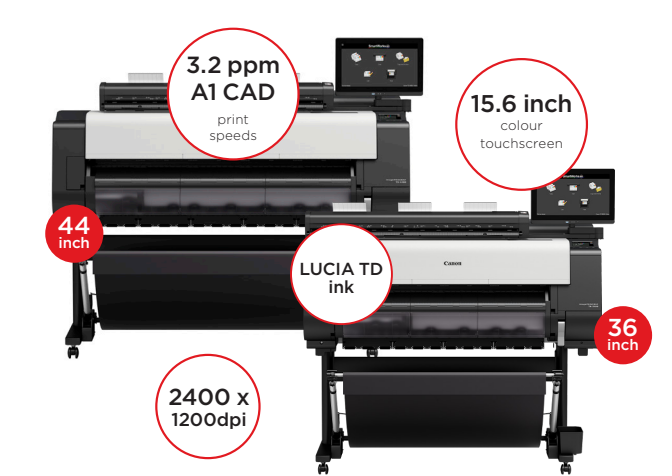

- Scan accuracy: ± 0.1%, ± 1 pixel
- Scan speed at 200dpi: 24 bit color: 152mm/sec, 8 bit grayscale and monochrome: 330mm/sec

- Optical resolution: 1200dpi
- Scan modes: RGB (24 bit), indexed RGB palette (8 bit), 256 grayscale (8 bit), monochrome printing (1 bit)

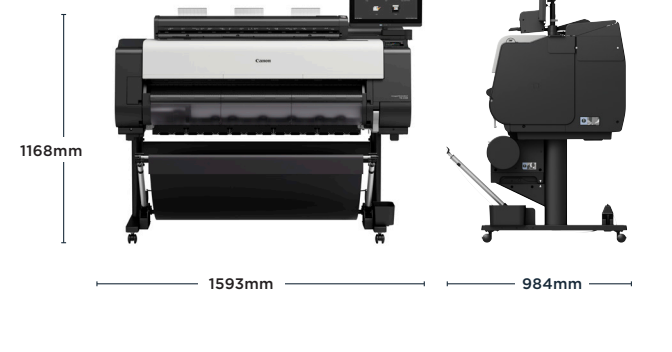

- Max. width: 914mm (subject width: 965mm), max. scan length: 15.2m (TIFF), max. document thickness: 2mm

- Standard interface scanner: SuperSpeed USB 3.0

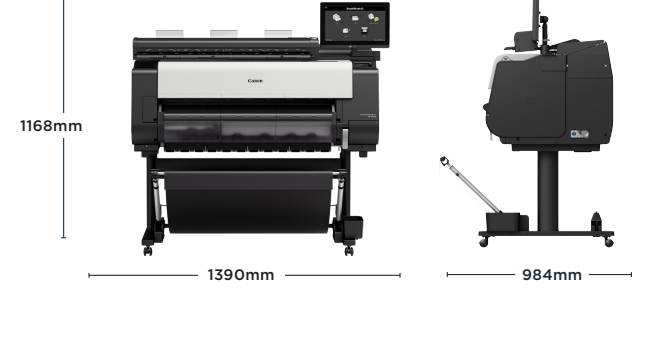

- Scanner software: SmartWorks MFP V6
- Productivity: simultaneous printing and scanning, hot-swap ink tanks, hot swap roll system

TX-4100 MFP Z36

TX-3100 MFP Z36
